Porta is as hard working as it is handsome.

The center snaps in and out to allow for maximum feeds and interfaces, and is cleverly designed to maintain it's narrow appearance. Available in polished or brushed finish and in all textured Colora colors, this is our only base for larger size conference tables with the flip-top application. Porta gets the job done and looks great doing it.

Prismatique Designs Ltd., founded in 1979, is a privately owned Canadian contract furniture manufacturer with an international reputation for precise engineering and office table specialization.

Prismatique offers choices—not compromises. We offer extensive versatility in finish options, ranging from painted back glass to stone to veneer and laminate. This flexibility enables the designer to “Customize with Confidence” and partner with us to create unique table solutions at less than custom prices.

It's not just about what we do. It's about how we do it.
