KONVERSE Table Bases

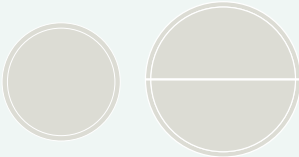

Select from a full range of aesthetic, finish and performance options. For high technology needs, the Blade Base offers a unique horizontal undertop IT trough with the Panel and Drum Base alternatives providing the maximum vertical space for IT interface. The elegant style of the Nextt T-Base conceals a serviceable 2"x 4" vertical wire management capacity. The simplicity of the KONVERSE T-Base offers a classic profile without an internal wire access feature. Five standard base options with customization readily available.

- panel base
- blade base
- nextt t-base
- drum base
- konverse t-base

KONVERSE Table Tops

Material freedom in table tops defines the uniqueness of KONVERSE. Veneer, painted back glass, marble, granite and laminate choices in an array of shapes and sizes creates a substantial portfolio of standard design options. In addition, our “customize with confidence” program allows for review and collaboration in designing your table top vision.

Electrical/Communications Access
Surface connections to power/communication modules are housed in Interface and Interface Jr. units. Both are equipped with flush, wing shaped extruded aluminum lids available polished, brushed or in textured Colora finishes. Flexible black brush allows wire movement when lid in closed position. **Left:** 8" Interface Jr. unit (INFJ) contains two simplex outlets and one communications faceplate. **Right:** 14" Interface unit (INF) contains four simplex outlets and two communications faceplates.

Cable Management - Infeed/Drum Base
Drum bases feature space for IT with easy access for wire management through removable and reversible side access panels. Floor monuments can be located inside or adjacent to bases.

Cable Management - Infeed/Nextt T-Base
Nextt bases feature easy to remove access doors with double level bracket allows for two wire port location options.

Electrical/Communications Access
Several undertop options for power/communications are available. Units can be located at any position and can be housed in continuous or partial IT aprons. Available with all base types.

Cable Management - Infeed/Panel Base
Panel and Cross Panel bases have a removable side panel and oversized cone shaped glides that provide cable guidance within and outside table bases.

Cable Management - Infeed/KONVERSE T-Base
Snake wire manager vertical cable housing used for floor monument connections. Available in black or silver.

Cable Management-Infeed/Blade Base
Horizontal, centerline undertop trough combines with universal vertical infeed panel connected to any panel base.

Customize with confidence

Your size?

Whether it's a small change or a radical departure from our popular sizes, talk to us about creating a table that fits your precise requirements.

Your shape?

Take our existing shapes as your starting point, and then customize to suit your needs. We think outside the box every day, and invite you to do the same.

Your tabletop?

More is more – our portfolio includes veneer, painted back glass, stone, laminate, textured colora and we're open to your unique ideas.

Your height?

Tall, short, or anywhere in between, we can create a table at a height that meets your specs.

Your technology?

We already handle all of the standard IT requirements, but we can adapt to your equipment, connectivity or unique interface conditions.

Your base finish?

Like all other aspects of Prismatic tables, you can customize the base finish. Let us know what you have in mind.
