FINISHES - TABLE TOPS

Colora

COLORA is a textured polyurethane material applied to MDF board in two steps. It is scratch-resistant and stain proof. Although highly durable, COLORA surfaces are not as hard as laminates. COLORA is leather-like in appearance and seamless. It is applied to table tops and edges. COLORA is available in 21 standard colors – refer to COLORA CARD. Custom color charge is \$250.00 NET per color mix.

Wood Veneers, Wood Edges

Veneer tops and hardwood edges are flat cut species of Maple, Cherry and Walnut offered in numerous stains. Refer to VENEER CARD. Custom stain charge is \$198.00 NET for set-up and \$44.00 NET per unit. Prismatique offers all regular and premium veneers which are readily available – please inquire for pricing. Veneered surfaces are semi-open and finished in a low-medium sheen and clear catalyzed lacquer.

Glass

Light scratches, waves or tiny bubbles are inherent to glass fabrication and to be expected. Prismatique offers 1/2" or 3/4" thick glass tops which are clear or sandblasted.

Stone

Standard marble and granite varieties are shown in the STONE CARD. Prismatique will make available most stones specified by customer, often at no up-charge. Stone surfaces vary greatly in color, texture, pattern and quality. Marble in particular is seldom free of fine cracks or other imperfections. All stone surfaces have natural polish.

FINISHES - BASE METAL PRODUCTS

Occasional table bases and metal drums are made of high grade steel, buffed and plated or sprayed in COLORA colors. Plated finishes include polished or satin chrome. Metal cube tables are stainless steel sheets applied to wood cores. Metal drums are available in stainless steel for quantity orders. Custom COLORA charge is NET \$275 per match.
